

Cherubim C700

Cherubim C700

Cherubim C700 Tank

The Cherubim 700 is a compact unit designed with coffee shops and restaurants with a full coffee program in mind. Designed for point-of-use applications to sit under-counter. Compact enough to fit in limited space applications, the C700 makes enough water to feed an espresso machine, two brewers and a water tower. Includes 14-gallon tank.

Our systems are 100% designed and hand built by Living Water in California.

Price: \$2795 including tax \$2815 with Magnesium post-filter
Additional costs for installation
